

Looking To Find 3D Animator for House Shows

Type of work: Creation and animating of House interior and/or exterior to show house renovations.

Illworks Studios Introduction

We are a creative Motion Graphics & Animation Studio. We believe in putting out stellar work for our clients that will “blow the minds” of the audience. We aim to leave the viewer having to acknowledge our work when seen on screen. We believe in creating and delivering quality work on schedule so our clients can sleep easy knowing we are on the job.

Personality Type

We are looking for creative, talented, clever, positive, proactive, solution driven individuals who are able to work with others to create amazing graphic elements following a certain style/theme. Must have the willingness to deliver their best work possible. Applicant must also be efficient with time and the ability to cope and deal with pressure if it arises with a positive and calm attitude to complete the job. Applicant must be able to understand to put ego aside when client asks for revisions.

Job Summary/Description

We are looking to find a 3D animator/motion graphics artist to build and create 3D animated shots to showcase certain house renovations. The shots will have a VO guide to animate to. The project will require modelling, lighting and a final render pass in After Effects to add any other graphics/labels and adjustment layers.
